T&G Accreditation

I am pleased to advise that Terms of Reference have now been agreed between the NHSBT and TGWU as follows in respect of your accreditation:-

1. The extent of your representation for T&G on issues, whether individual or collective, will remain confined to what is currently regarded as the South East Region.
2. The expectation is that you will continue with your current Health and Safety responsibilities and that you would not be seeking to extend your involvement with Health and Safety any further or seek to become involved in any National level activities.
3. Release from duty for T&G related work will be initially based upon a maximum of one duty per week (not cumulative) when required. I would suggest that this be reviewed after 3 or 4 months.

Yours sincerely
